Estimated Balance at 31.3.48

The estimated revenue increase over 1946/47 is due to a requested Government Loan of LP.4000 for the purpose of constructing council offices.

4. Expenditure

Expenditure generally has decreased except for Head II Item 9 Construction of Council Offices - referred to above. The decrease in other items can be attributed to the completion of many specific schemes and the abandonment of others.

Chief Secretary

With reference to your letter No.F/IG/159/46 dated the 14th December, 1946, I have the honour to submit schedules of Grants-in-Aid and loans required in this District next year.

2. Schedule I shows the Grants-in-Aid which I recommended. No so far as ordinary Grants-in-Aid are concerned I have based my estimates on this year's grants except in the case of two Local Councils, which, owing to their expending budgets, deserve increased grants.

3. Schedule I also shows Special Grants-in-Aid. My application for these is based on the assumption that few Special Grants will be given next year. I strongly recommend, however, that a Special Grant of LR.5,000.- should be given to Nablus Municipality as both politically and economically this is an exceptional deserving case.

4. I have not included any applications for Grants-in-Aid from Village Councils as I understand that these should be given by District Commissioners from the Village Roads and Works Vote.

5. Schedule II shows the application for Loans which I have received. I have divided these applications into two categories based on the essentiality of the schemes. The works in each category are listed in order of priority.
